February 27, 2026

Dear Friends,

The American GI Forum of the United States (AGIFUS) respectfully invites you to partner with us as we are set to host our 78th National Conference in Las Vegas, Nevada, August 4-6, 2026. It would be a distinct honor to have your support in recognizing the significant contribution of our military and veterans as we celebrate America's 250th Anniversary.

Since 1948, the American GI Forum of the United States has been on the front lines of advocacy for veterans and their families. Founded by Dr. Hector P. Garcia, a decorated World War II veteran who built the organization on a simple but powerful principle: those who defend freedom must never return home to inequality, limited opportunity, or neglect.

As America celebrates its 250th Anniversary, this conference represents more than a celebration of recognition of the contributions of our military and veterans. AGIFUS Members and their families will be joined by veteran leaders, elected officials, corporate decision-makers, educators, and policy advocates from across the country to confront the real challenges facing today's military and veteran communities at the AGIFUS National Conference this year. Your valuable support directly benefits the veterans and their families who gave much to ensure the freedom we enjoy today.

I welcome your partnership as a visible champion of veteran empowerment, national service, and constitutional freedom at the AGIFUS national conference to serve as a strategic platform for collaboration, policy discussion, and measurable impact. We invite you to stand alongside us — not simply as a sponsor — but as a partner in shaping the next chapter of opportunity for America's veterans and their families.

Thank you for your leadership and your commitment to those who have safeguarded our nation. I welcome the opportunity to speak directly with you regarding sponsorship levels and the strategic alignment between your corporate mission and our national impact. Feel free to call me at 408-314-3942 or our National Conference Coordinator, Denise Blanchard at (956)371-3311 for any questions you may have. Thank you for your kind consideration.

With respect,

David Rodriguez, National Commander
American GI Forum of the U.S.
